

COUNTRY[®] ESTATE

FENCE, DECK & RAILING

Uwchland, PA

GL Lakeland shown with optional Maxwell top rail

STYLE GUIDE

Finding a Good Dealer and/or Installer

Both Country Estate Products and you must rely on a Country Estate Authorized Independent dealer/installer to guarantee his workmanship. Country Estate Products can be no better than the quality of the work that goes into the installation. In each area, Country Estate Products attempts to find the very best independent, professional dealer/installer to represent us.

A dealer/installer can be no better than your willingness to express your expectations. Put them in writing and make them a part of your contract. Choose a product and/or style that will meet your expectations.

Ideally, your Authorized Independent Country Estate dealer/installer is someone you know or who has installed successfully for someone you know. If this is not the case, we suggest the following:

1. Confirm the name of your Authorized Independent Country Estate dealer/installer by calling 610-458-3880. Home improvement impostors prey on those unwilling to do their homework.
2. The Country Estate warranty is not valid unless the entire installation consists of Country Estate Products. When registering your warranty, the installer must attest that he has not mixed products from other manufacturers.
3. Ask for references. Check with the Better Business Bureau.

4. Before purchasing, call 610-458-3880 for a free Country Estate Planning and Installation Guide. Or download one on our website www.countryestate.com. Study it. Specify that your Country Estate Products be installed as recommended. Remember, however, that the Installation Guide provides for regional differences.

5. Before purchasing, discuss building codes, building permits, location of underground utilities, property lines and the exact location of your new fence. Determine who is responsible for each item.

6. When the job is complete, register your warranty as provided by your official copy of the warranty.

7. Do not assume the lowest price or the warranty with the longest time period is the best value.

8. Anticipate the need for an earnest money down payment at the time you place your order. Depending on the size of the project, the dealer may require progress payments. Do not pay in full until the project is complete.

9. Work with a contract or purchase order.

These common sense procedures will help assure a trouble-free installation.

Country Estate® Products carry the industry's finest 50 Year Warranty or Limited Lifetime Warranty.

If you find a major manufacturer's published warranty on PVC fencing that you and/or your attorney feel will better protect your investment than Country Estate's published warranty, submit your request to us in writing along with a copy of the competitor's warranty and we will warrant our product using the competitor's warranty rather than ours.

Many styles can be made using solely Country Estate Products or G-Fence Products or in combination. All Country Estate and G-Fence Products, even if used in combination, carry the same manufacturer's warranty.

Safety, Security, and Peace of Mind for you and your family.

The manufacturer has determined which styles require an aluminum insert for structural integrity. When necessary, the aluminum insert is automatically added during production. From time to time, however, homeowners desire or specific circumstances suggest an aluminum insert be added for additional strength, which can easily be done for a nominal cost.

References to Pool Code compliance used throughout this brochure should only be used as a general guideline. Please consult your local inspector, code official or governing compliance officer to determine applicable Pool Code requirements.

This brochure contains styles and names indigenous to our service area. Generally, these styles can be modified to suit a specific request, requirement or preference. Other styles and products are available, too. For more Country Estate arbors, pergolas, fence, deck and handrail products we offer, as well as other pertinent information on Country Estate Products, please go to: www.countryestate.com
